Call on the Fighter
Nashville, TN

To whom it may concern,

I am writing this letter to express our enthusiasm, thanks, and support for the Call on the Fighter music platform. The Michael J. Fox Foundation (MJFF) is proud of our partnership with Call on the Fighter, and we are incredibly excited to stand alongside from its inception. Thanks to the dedication of its organizers and supporters, we believe we will find a cure for the millions of people living with this disease.

Community fundraisers are extremely successful — not only raising funds for research but also galvanizing Parkinson's awareness among family, friends, and colleagues. Your contribution helps move forward The Michael J. Fox Foundation's mission to find a cure for Parkinson's disease.

Since inception, MJFF has maintained an uncompromising pace, inspiring and advancing the most promising research, having invested over \$1 billion in the field. We strategically target our resources to achieve maximum scientific impact.

Our initiatives attract and support established world-class scientists as well as researchers new to the field of Parkinson's. Every day, these research pioneers face the same challenge: Nearly one million people in the United States live with Parkinson's disease. Finding a cure has never been more urgent.

Please know that I would be happy to talk with any supporters about the research we fund or any aspect of the Foundation's mission, should more information be of interest. My number is (332)-230-8824.

All the best and thank you again!
